17 **TO THE PEOPLE OF THE STATE OF CALIFORNIA, AND TO THE GENERAL**  
18 **MANAGER OF THE WEST VALLEY MOSQUITO AND VECTOR CONTROL**  
19 **DISTRICT (the "DISTRICT"), AND ANY REPRESENTATIVE OR DESIGNEE**  
20 **THEREOF, AND ANY SHERIFF, POLICE OFFICER OR PEACE OFFICER IN THE**  
21 **COUNTY OF SAN BERNARDINO:**

22 Upon the Declaration of Michelle A. Brown, which is incorporated by reference, and it  
23 appearing therefrom that there is cause to believe that Il neglected pools or other stagnant water  
24 sources on the properties within the District's jurisdiction are potential breeding sources for  
25 mosquitos that can potentially transmit West Nile Virus and other arthropod-borne viruses and  
26 therefore, that those sources must be inspected and treated. The District's Jurisdiction includes  
27 Chino, Chino Hills, Montclair, Ontario, Rancho Cucamonga, Upland, and parts of unincorporated  
28 San Bernardino County.

1           **YOU ARE HEREBY AUTHORIZED** to enter onto all properties within the District's  
2 Jurisdiction, when the District believes that said property may be a breeding ground for mosquitos,  
3 for purposes of inspecting and abating health and safety conditions, more fully described in the  
4 Declaration of Michelle A. Brown. Justification for this expanded authority is based on the  
5 Declaration of Michelle A. Brown.

6           **YOU ARE HEREBY AUTHORIZED** to enter onto all properties within the District's  
7 Jurisdiction, when the District believes that said property contains a neglected pool or other  
8 stagnant water source.

9           **YOU ARE HEREBY AUTHORIZED** to examine water quality and identify the various  
10 mosquito stages that are present, if you determine that mosquito breeding is occurring.

11           **YOU ARE HEREBY AUTHORIZED** to take any and all necessary actions to test, treat,  
12 remediate, and abate any conditions where mosquitos potentially capable of transmitting West  
13 Nile Virus and other arthropod-borne viruses are breeding or where conditions are conducive to  
14 breeding mosquitos that are potentially capable of transmitting West Nile Virus and other  
15 arthropod-borne viruses, consistent with applicable federal, state, and local regulations.

16           **YOU ARE HEREBY AUTHORIZED** to utilize larvicides or mosquito fish as control  
17 measures, if you determine that mosquito breeding is occurring. Adulticides may also be used if  
18 large numbers of adult mosquitos are present, to reduce risk of disease transmission.

19           The inspections shall be conducted in a reasonable manner for the purpose of ensuring  
20 compliance with all applicable laws.

21           The inspection shall be conducted subject to the following conditions:

- 22           1.     This warrant shall be effective for a period from the date it is signed through and  
23                 including December 31, 2026;
- 24           2.     This warrant may not be executed after 6:00 p.m. or before 8:00 a.m. of any day;
- 25           3.     Prior to entering on any property, you shall attempt to obtain voluntary consent to  
26                 enter. If consent is not received or given, you may immediately enter onto the  
27                 exterior of the property for inspection, testing, and treatment;

28

- 1 4. Good cause appearing, minimal forcible entry onto the premises is authorized, if  
2 necessary, to effectuate entry, including but not limited to the use of a state licensed  
3 locksmith;
- 4 5. Good cause appearing, this inspection may be made in the absence of the  
5 property's owner or other occupant;
- 6 6. Any animals found on the premises may be restrained until the inspection is  
7 completed;
- 8 7. Notwithstanding any other provision, if *Aedes aegypti* is confirmed on any given  
9 property, the District will place a written notice on all private properties within a  
10 450 foot radius, informing the property owner that within 48 hours, the District will  
11 conduct an inspection of the exterior of the property to determine whether *Aedes*  
12 *aegypti* is present. The notifications will also contain information on *Aedes aegypti*,  
13 a description of the inspection, a phone number for the District, and a request that  
14 the resident contact the District to schedule an inspection. The resident will be  
15 informed that if the District is not contacted within 24-hours to schedule an  
16 inspection, District staff will return to seek consent in person. Further, if consent is  
17 not given or is denied, District staff will execute the warrant, inspecting the front,  
18 back, and side yards for stagnant water sources and taking actions necessary to  
19 abate mosquito breeding;
- 20 8. Any animals found on the premises may be restrained until the inspection is  
21 completed; and
- 22 9. Any inspection made pursuant to this warrant may be made in the company of  
23 attorneys, technical assistants, contractors, and other experts whose professional  
24 and expert advice and assistance is necessary in order to assure a thorough and safe  
25 remedy to the hazardous conditions and public nuisances existing on the property.

26 You are directed to file quarterly updates with the Court on the status of the inspections  
27 and abatements, if any. Each update shall identify the address of each property inspected or  
28 abated, how the District determined the property needed to be inspected and/or abated, whether

1 consent was granted to enter onto the property, the date and time of the inspection and/or  
2 abatement, and the abatement description, where applicable.

3 You are directed to make a final return of this warrant, to this Court, within 30 days of  
4 December 31, 2026.

5 GIVEN UNDER MY HAND and dated 3/2/2026
